

MIKE SEIDL'S FOCUS SEMINAR

Stocks, commodities, currencies, quarterly reports. These are not foreign concepts to you, but instead chances for earning money on the stock exchange. You have decided to take your financial transactions into your own hands or want to do so in the future. This means that the same rules apply for you as for the professional stock market players.

Knowledge coupled with experience are essential requirements for a successful performance on the capital market. The technical seminar is created for active investors. You will be intensively prepared for trading on the stock exchange. You learn to generate the trading signals that are appropriate for you from the large number of possibilities.

And all this regardless of whether you want to make time for trading every day or only reserve the weekend to do so.
